Good Luck in the feature. I hope you & Paul have the best in life. Always remember Sherry's shower! And, thanks for helping me with it! I forgot to tell you and Lin + Linda what Sherry said. I asked her how Charles liked the gown we gave her. She said he said he'd cut it off!! Then she told him what she was saving it for! Sherry is saving it for when she goes to the hospital when her time comes around!! Great huh? Well gotta quit. Love & Luck always, P.S. Love Louis still! Dean Hermans

THIS IS OUR YEAR

ALMA MATER

Beneath the clear blue skies of heaven

There is no place I love so dear,

With friends and love one's I have known

Will bring fond memories through each coming year.

Until the river ceases flowing

Past our beloved walls

Until the sun refrains from shining

And laughter rings no longer in our halls

Until our hoping seems to cease

And truth is just a guess

Till then we'll always love our Alma Mater

N.F.H.S.

We've tried, we've learned

And now we confess

We love you N.F.H.S.

FOREWORD

As time passes, the smaller memories of our school life will become fainter and fainter. We, the 1971 EAGLE staff, have carefully gathered within these pages our treasured memories of classmates, teachers, and activities of our school days.

We wish to express our appreciation to all who helped to make it possible for us to have this book of treasure. May it always bring you the fondest of memories.

PRINCIPAL'S MESSAGE

Great emphasis has been placed on scholarship, which is a good criterion for college, the military and business. Certainly scholarship is one of the stepping-stones to success, but it is not the most important. You might be ever so smart, but if you don't have the sustained effort to carry through, you get nowhere. To set a goal and follow it through requires much more than inspiration and intelligence, it takes determination and perseverance. A person's sustained effort is what counts. The perseverance a student shows in overcoming handicaps usually marks him for success. You hear a great deal about the dropout, but you rarely hear about the students who have handicaps but had the perseverance to stay in school and graduate.

Some of the most pleasant experiences have come from successes made by students simply because they had perseverance. A student with a high degree of perseverance will have many goals other than the short range goal of graduation. The thing is to persist. And the thing to persist in is something that benefits others.

DEDICATION

The many students of the North Forrest High School who have known Mrs. Cora Keene over a period of years have learned to love her and remember her as one who has worked diligently and efficiently.

To one who has worked without ceasing for our educational improvement; to one who encouraged us and guided us in all our undertakings; who in her years at North Forrest has taught us willingly, faithfully and with fullest capacity, we, the Annual Staff of 1970-71, proudly dedicate this edition of THE EAGLE to Mrs. Cora Keene.
